## Lyric Sheet

### Leave It All Behind

I feel so sick and jaded  
With this hand you're playing  
Time to even out the score  
Before you

Need another favor  
Another time to savor  
Just to heal this pain  
Your savior

Leave this all behind  
I'm begging this time  
Leave this all behind you  
I'm begging this time  
So much to lose  
It's up to you

I've seen the broken hearted  
The lost and the departed  
Is this living anymore  
I'm not too sure

Desperate measures taken  
Innocence is shaken  
Time to lift this haze  
Awaken

Leave this all behind  
I'm begging this time  
Leave this all behind you  
I'm begging this time  
So much to lose  
It's up to you

Leave this all behind  
I'm begging this time  
Leave this all behind you  
I'm begging this time  
So much to lose  
It's up to you
